Frontispiece	vii	Chapter 10 The move to Melbourne University	61
Summary of major events in the life of J. W. Gregory	viii	Chapter 11 The National Antarctic Expedition of 1901: a fiasco avoided	65
Preface	ix	Background	65
Chapter 1 Early life; family background and influences	1	Gregory's involvement	65
Chapter 2 Becoming a geologist; burning the candle at both ends	5	Gregory's resignation	68
Chapter 3 Assistant at the British Museum (Natural History) from 1887; early years	11	Chapter 12 The ultimate accolade: election to FRS	73
Publications	11	Election to FRS	73
Echinoids	12	Assessment of research achieved before Australian input	73
<i>Eozoon</i>	13	Chapter 13 The Australian years: Professor of Geology and Mineralogy at Melbourne 1900–1904	77
Corals	13	Settling into the university	77
Petrology	13	Appointment as Director of the Geological Survey of Victoria	80
Excursions abroad and first recognition	14	Life in Victoria	82
Social and other life	15	Gregory's work in Melbourne including visits to Tasmania and New Zealand	84
Continued publication	16	Major publications	87
Chapter 4 The abortive 1892–3 Villiers 'Great Lake Rudolf Expedition' to East Africa	19	'The Foundation of British East Africa'	87
Chapter 5 Gregory's 1893 Lake Baringo & Mount Kenya Expedition: 'The Great Rift Valley'	23	The Lake Eyre expedition of 1901–2: 'The Dead Heart of Australia'	88
Chapter 6 Home after the African expedition	29	The start of geography textbook writing	91
East African-related publications and activities	29	'The Mount Lyell Mining Field, Tasmania'	94
Publications on bryozoa, corals and Barbados and other activities	31	'The Ballarat East Gold-Field'	94
Geological Society Council membership and BA activities	32	Gregory's resignation and departure from Melbourne	94
West Indian corals and more on Barbados	33	Assessment	96
General	34	Chapter 14 Appointment as Professor of Geology at the University of Glasgow	99
Chapter 7 Marriage, Bryozoa & journalism	37	Appointment	99
Marriage	37	Background to the institution of the new Chair of Geology	100
Bryozoa and echinoids	39	Settling in	102
Other activities	39	Departmental matters	102
Journalism	40	First year and subsidiary geology course	104
Chapter 8 The 1896 Conway Spitzbergen (Svalbard) Expedition and related polar work	43	Second, third and fourth year courses in geology	106
Spitzbergen	43	Mining degrees	107
Polar geology	48	University museum matters	108
Chapter 9 1896–9: Frustrations, further travel and publications	49	University matters	109
Disappointments and continued major echinoid and coral outputs, including the early use of statistics	49	Chapter 15 Early publications (1905–10) and research activity while in Glasgow	111
The arrangement of the continents and oceans	51	Summary of the activities of the first five years	111
Visit to the Caribbean Islands, March–May 1899	56	Early BA activity while in Glasgow, including visits to Zimbabwe and the Witwatersrand Mines	113
Numerous 1899 publications; Palaeozoic starfishes, corals, echinoids and bryozoa and Africa	57	Mining geology	114
Anthropology	58	Bryozoa	116
		Geographical contributions and publications	117
		Australian geography; insights into Gregory's appreciation of Australia	117
		General geography	121
		Climate variations in the past	122
		The level of the sea	122
		Contributions to the Glasgow Geological Society	123
		Other activities	124
		Historical studies	124

Legal matters, including Gregory as an expert witness	125	Scottish glacial deposits	166
Expedition to Cyrenaica (Libya)	125	Geological Society of Glasgow	166
Third visit to Australia (1909)	127	Visit to Burma in 1921	167
Book reviews	128	Expedition to Eastern Chinese Tibet, 1922	167
Dent's scientific primer ' <i>Geology</i> '	128	Christopher Gregory's progress	171
Chapter 16 Domestic, family and social activities and a social history intrusion	133	Further awards	171
Gregory's Glasgow home	133	Return to the Essex rivers and the Lower Thames; also North Sea–Thames–Rhine history	172
Home life	135	BA, IGC and International Geographical Congress activities 1920–1929	173
Chapter 17 Activities between 1910 and 1917	139	Racial matters	175
Summary of activities	139	Other activities	176
The 1910 International Geological Congress and the iron ore resources of the world	139	Geography textbook revision	176
More on 'Australia'	139	General lectures	176
Visit to Dalmatia in 1911	140	Yachting on the <i>Corsair</i>	177
Continued contributions to the Geological Society of Glasgow and Scottish geology	140	Book reviews	177
'The Making of the Earth'	142	Renewed taxonomic work on echinoids and corals	179
Visit to Benguella, Angola	143	Denudation and tectonism	179
The classification of coast types, the nature and origin of fjords and lochs	144	Economic mineral studies, IMM involvement & ' <i>The Elements of Economic Geology</i> '	179
South Georgia	146	Human migration	180
The educational value of the cinema	146	Water divining	180
The Carlisle–Solway Basin	146	Journalism and BBC broadcasts	181
BA involvement and Gregory's fourth visit to Australia	147	President of the Geological Society, 1928–30, excluding Presidential addresses	181
Other activities	149	Chapter 20 Opposition to continental drift and the origin of the Atlantic and Pacific Oceans	187
' <i>The First Inhabitants of the World</i> ' and ' <i>Geology of Today</i> '	150	Chapter 21 'Retirement' with continued output	193
The Danbury Gravels	150	Journal articles and lecturing	194
The Fly River Eocene corals	150	Books published	197
The Corrieyairack Road, Scotland	151	' <i>Earthquakes and Volcanoes</i> '	197
Preglacial valleys	151	' <i>General Stratigraphy</i> '	198
Henry Darwin Rogers	151	' <i>The Story of the Road</i> '	198
Chapter 18 1916–1919: work for the Government	155	' <i>Dalradian Geology</i> '	198
Wartime work in the War Office 1917	155	Chapter 22 The final fatal expedition to Peru	201
The Calcutta University Commission, 1917–19	156	Chapter 23 Some of Gregory's students	209
Awards	158	Chapter 24 Overall assessment and summary	211
Return to British East Africa (Kenya) in 1919 and the following related studies	159	Appendix 1 Published works of J. W. Gregory	217
Chapter 19 1919–29: return to Glasgow and subsequent activities	163	Appendix 2 List of books published by Professor J. W. Gregory	225
Energy studies	163	Index	227
Glacial studies	164		
Irish eskers	164		
English eskers	165
